EXPERIENCE

Svartbäcksgården's samfällighet

March 2015 -

Deputy Auditor

Stockholm, Sweden

- Deputy Auditor in the joint property unit Svartbäcksgården's Samfällighetsförening with 86 houses.

Swedish Young Shareholders' Association

February 2015 -

Board member

Stockholm, Sweden

- Unga Aktiesparare - Young Shareholders association - is the youth organization within the Swedish Shareholders' association. Young Shareholders started 1990 and has today just over 11 000 members. That makes it the second biggest youth organization in Sweden. I organize events and make sure that our members value their membership. I've learned a great deal about organizing events of different kinds, contacting companies, and have also expanded my network. I work with this during a weekly basis.

Nacka Municipality

February 2013 -

Substitute teacher

Stockholm, Sweden

- Substitute Teacher in Mathematics, Chemistry, Physics, English, Swedish and Psychology (high school level) when required. I plan and organize classes as well as mark exams.

Frilans Finans AB

April 2014 - January 2016

Educational Consultant

Stockholm, Sweden

- I created solutions for past Swedish Scholastic Aptitude Tests for a major company in online education. I did this during the summers.

THS Armada

May 2015 - November 2015

Back End Developer

Stockholm, Sweden

- THS Armada is the Student Union at KTH Royal Institute of Technology's (THS) career fair and one of the largest student projects at KTH.

THS Armada was first organized in 1981 and has been a recurring event at KTH ever since. The project has a turnover of more than 6 million SEK, and engages about 300 KTH students.

My role was Back-end development using Ruby on Rails. From this role I've gained experience in database design and management, designing APIs, using Git for version control and working together with other developers in a big project.

TeliaSonera AB*IT Trainee*

June 2015 - August 2015

Stockholm, Sweden

- IT Trainee. Worked in the Daisy Program which is TeliaSoneras data center consolidation program covering all IT systems within the Nordics. The program aims to consolidate 44 datacentres into 4 within 3 years started in 2012. My job was to assist with finding servers and systems to migrate.

I also did database administration in TeliaSonera's configuration management database which contains information about the IT infrastructure.

TeliaSonera AB*Summer Intern*

August 2014 - September 2014

Stockholm, Sweden

- Intern at Tools Support. The group is responsible for finding and creating new solutions for system surveillance, configuration management, inventory, CMDB and IT automatisisation. I was promoted to the administrator group due to good work. My work involved database management and Microsoft Excel.
